### Time of starting the change

---

The change is scheduled to start from the production in October 2015.

### Change of the OS

---

With the change of the PC, we also change the OS (from Windows XP to Windows 7), but there is no change in the operation screen or operation procedure.

### To replace the old part currently in use by the new part

---

Replacement by the new PC will be handled on a chargeable basis. For details, please contact your DISCO sales representative.

### Inquiries

---

Please contact your local DISCO sales representative or customer engineer if you have any questions regarding this matter.
