

Partial Change to HogoMax103 Product Label and GHS Label for Each Country and Change to Bilingual GHS Label for Taiwan

Thank you for using DISCO products. This document provides details on the topics stated above.

Notification

HogoMax103 labels will be revised as shown below.

1. Changes to product label and GHS label for each country: Label paper type, size, and color
2. Change to Taiwanese GHS label language: Bilingual label in both Taiwanese and English

Thank you for your understanding and cooperation.

Background

With the change in the HogoMax103 label printer, changes will be made to the product label and GHS label for each country.

In addition, the HogoMax103 Taiwanese GHS label will be changed to a bilingual label in both Taiwanese and English in response to requests from Taiwanese customers.

Applicable Countries

All countries (JP, KR, CN, TW, PH, SG, TH, DE, US, and CA)

Applicable Products

Product	Volume (L)	Dilution ratio	Part No.
HogoMax103-10	20	1.0	KS13-102021-0
	5		KS13-100521-0
HogoMax103-15	20	1.5	KS13-152021-0
	5		KS13-150521-0

Revision Details

1. Changes to Product Label and GHS Label for Each Country

- Label paper type: Smoother texture
- Size and color: Slight change. There is no change to the contents of the labels.

Product Label

Before: Length 102 mm x Width 127 mm

After: Length 98 mm x Width 132 mm

GHS Label (E.g., Japanese Version)

Before: Length 102 mm x Width 127 mm

After: Length 98 mm x Width 132 mm

2. Change to Taiwanese GHS Label Language: Bilingual Label in Both Taiwanese and English

Please refer to the graphic below.

The image shows a bilingual GHS label for HogoMax103. The label is divided into two main sections: Taiwanese and English. The Taiwanese section includes the product name 'HogoMax103', a warning symbol (exclamation mark in a red diamond), and text in Chinese characters. The English section includes the same product name, a warning symbol, and text in English. The label also features a QR code and a supplier information section at the bottom.

Taiwanese

English

Revision Date

Will change sequentially from products produced after December 1, 2019

Additional Information

1. Receipt of this notification will be regarded as acceptance of these changes.
2. There will be no changes to part numbers as a result of these changes.
