Notification Regarding Discontinuation of Type-T4 Laser Oscillator Supply (New and Refurbished Products)

Applicable models

DFL7562

Notification

Supply of new and refurbished Type-T4 laser oscillators will be discontinued.

We realize that this is inconvenient for customers currently using these products, but this measure is unavoidable due to the discontinuation of production of parts for which there are no alternative parts. Thank you for your understanding.

Final date for ordering new products

August 20, 2026

Applicable parts	DISCO Parts No.
Laser head (new product)	DGMAVEP3H01-0 DGMAVEP3H02-0
Controller	DGMAVEX1P01-1

Final date for ordering refurbished products

August 20, 2030

Applicable parts	DISCO Parts No.
Laser head (refurbished product)	DGMAVEP3H02-0R

The delivery date for refurbished products is around 4 months after placing the order, but depending on the ordering situation, there are cases where the desired delivery date cannot be met. Please place your order well in advance.

Request to consider changing product

Please consider switching to the successor product (Type-T6 laser oscillator) in future. With regard to evaluation and verification for switching, please contact a DISCO sales representative.
